

# ALL-ON-4® AND FULL-ARCH IMMEDIATE LOADING

## LIVE PATIENT SURGICAL EXTERNSHIP

This 6-day comprehensive live patient program covers the treatment planning, surgical, prosthetic, and laboratory phases of providing full-arch immediate loading prostheses to patients with edentulous arches or terminal dentition.

This course provides the opportunity to immerse yourself in a live surgical environment, delivering full-arch immediate loading solutions under the guidance of world-class faculty.

Participants operate and assist across multiple cases each day, rotating roles to maximize their surgical exposure and learning. This is a high-volume, high-impact experience designed to give you the confidence and skill to bring All-on-4 procedures into your practice immediately.

### Program Provides:

Course manual & implants

100 CE Certificate

Train with expert faculty in a 2:1 student-to-instructor ratio

Transportation from San Diego to the CII Baja location and back

*"Dr Al-Faraje's willingness to share his knowledge and skills is truly appreciated, and I can't thank him enough for creating such an invaluable platform for clinicians like me to learn from. His guidance has been invaluable."*

Sanjay Mali, Devonport, Tasmania, Australia

The program meets the requirements for ICOI fellowship status

California Implant Institute is a Nationally Approved PACE Program Provider for FAGD/MAGD credit. Approval does not imply acceptance by any regulatory authority, or AGD endorsement. Nationally Approved from 8/1/2022 - 7/31/2028. Provider ID 108066

Tuition:  
**\$13,995**

### Curriculum Highlights:

- Evidence-based proven protocols for proper treatment planning for full-arch immediate loading, including All-on-4®
- Digital workflow for All-on-4® prosthetic solutions
- All-on-4® prostheses design, biomechanics, and occlusion
- Management of possible All-on-4® complications
- Fabrication of provisional and definitive prosthetic options
- Hygiene requirements and protocols for long-term success
